

# Ice Cream Pop Molds

Ice cream pop molds from *Cold Molds™* make it easy to produce professional quality ice cream, sorbet, gelato, or juice novelty bars right out of your store.

Our pop mold comes in three popular sizes, allowing you to produce the right size novelty for your particular customer demographic. Each mold contains five pop cavities. The flexibility of the mold makes it easy to fill, and even easier to unmold your finished pops. Not only is the silicon rubber material naturally non-stick, but it is also incredibly durable, allowing for years of trouble free use.

Model	Volume (fl oz)	Dimensions (HxWxD inches) *
Large – CMP5210	4.75	4.5 x 2.0 x 1.0
Medium – CMP4210	4.00	4.125 x 1.938 x 1.0
Small – CMP3210	2.75	3.0625 x 1.8125 x 1.0

\* Width is measured at the widest point of tapered edge

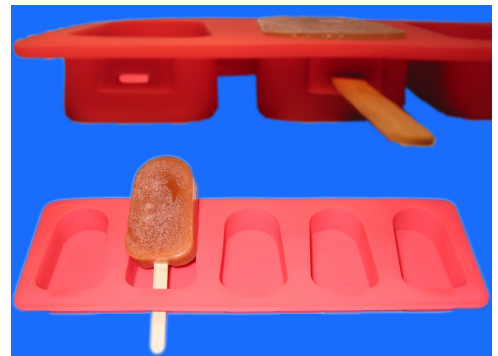

**Professional Presentation and Portion Control:** *Cold Molds* ice cream pop molds put you in control, allowing you to make professional looking, perfectly portioned pops.

**Unlimited Range of Uses:** Our pop molds give you the flexibility to make products limited only by your imagination! Some of the possible applications for our molds:

- Chocolate dipped ice cream pops
- Sorbet pops
- Juice pops
- Multi-layered ice cream pops
- Nut or Candy coated pops

Our molds can withstand oven temperatures (up to 550° F), so desserts such as frozen chocolate covered cheesecake on a stick or key lime pie are possible, to name just two!
